

FULL-STACK

Ginny Weasley

Ginny works on the whole web stack, from the database schema to the last pixel of the interface. Ginny builds dashboards, SaaS platforms and APIs that stay fast and easy to maintain as they grow.

TOOLS

- TypeScript

React

Next.js

Node.js

PostgreSQL

AWS

Docker

OWNS

Web platforms & APIs

SaaS products & admin dashboards · REST & GraphQL APIs · Cloud deployment & CI/CD

ROLE IN OUR PROCESS

01

Build in short cycles

The right specialists build in weekly increments. You get regular demos and progress you can try yourself.

02

Launch & handover

We deploy, document and hand over the source code, then stay available for support and future work.

PROJECTS (7)

NovusAI

AI AGENT PRODUCT

Enterprise AI agents for ServiceNow. Teams describe the work in plain English, and the agents plan, build and verify it on their instance: business rules, script includes, catalog items, flows, dashboards and integrations, with human approval on every change.

Next.js, React, Tailwind CSS, Radix UI, AWS CloudFront, LLM agents — with Yuri, Michael

Swim Rankd

WEB PLATFORM

A gamified performance platform for competitive swimmers, parents and coaches. Race results turn into personal bests, rankings, badges and a fantasy league the whole family can play.

Next.js, React, Tailwind CSS, Vercel — with Yuri, Daniel

Water Guard

MONITORING SYSTEM · BRAZIL

A system for monitoring drinking-water quality across fountains, taps, wells and tanks. Every collection point gets a QR code, readings are charted in real time, and staff are alerted on WhatsApp the moment a value leaves its safe range.

Next.js, React, Supabase, Tailwind CSS, Vercel — with Yuri, Michael

LindenTree Advisory

BRAND WEBSITE · UNITED STATES

The website for a hospitality advisory firm that guides hotel openings, brand strategy and asset management. Its current hotel projects set the tone from the first screen, with a quiet, editorial feel that suits a luxury audience.

React, Vite, Tailwind CSS, Radix UI, Vercel — with Yuri, Daniel, Michael

Kanoa

BOOKING MARKETPLACE · VENEZUELA

A marketplace for booking tours, trips and activities across Venezuela, from Angel Falls expeditions to beach days and car rentals. Travelers search, save and pay in one place, and local operators list their experiences and take bookings online.

React, Vite, Tailwind CSS, Stripe, PWA — with Yuri, Michael

OneClick

PROJECT MANAGEMENT SAAS · GERMANY

A project-management platform for agencies, IT teams and consultancies. Tasks, time tracking, budgets and team chat live in one place, and every customer gets an isolated workspace with its own data, users and billing.

Laravel, Filament, Livewire, Alpine.js, Tailwind CSS, WordPress — with Yuri, Michael

Gaming Eminence

MARKET INTELLIGENCE

Market intelligence for B2B suppliers selling into regulated gambling markets. Suppliers see which operators hold which licences, which brands they run and who already supplies them, with a source behind every claim.

Next.js, React, Supabase, Tailwind CSS, Vercel — with Yuri, Daniel

Eduardo Cruz

Agent · Avance Labs

eduardo.cruz@avance-labs.com
